

Mortimer Production Company

ABOUT MORTIMER PRODUCTION COMPANY

Mortimer Production Company in San Antonio, TX is a private company established in 2001 and incorporated in Texas, with assets in Starr County.

WHAT DOES MORTIMER PRODUCTION COMPANY DO IF A LEAK OCCURS?

To prepare for the event of a leak, pipeline companies regularly communicate, plan and train with local emergency responders. Upon the notification of an incident or leak the pipeline company will immediately dispatch trained personnel to assist emergency responders.

Pipeline operators and emergency responders are trained to protect life, property and facilities in the case of an emergency.

Pipeline operators will also take steps to minimize the amount of product that leaks out and to isolate the pipeline emergency.

MAINTAINING SAFETY AND INTEGRITY OF PIPELINES

Mortimer Production Company invests time and capital maintaining the quality and integrity of their pipeline systems. They notify field personnel if there is a possibility of a leak. Shut-off valves are sometimes utilized to isolate a leak.

TEXAS COUNTIES OF OPERATION:

Starr

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

PRODUCTS TRANSPORTED IN YOUR AREA

Product: Natural Gas

Leak Type: Gas

Vapors: Lighter than air and will generally rise and dissipate. May gather in a confined space and travel to a source of ignition.

Health Hazards: Will be easily ignited by heat, sparks or flames and will form explosive mixtures with air. Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas or liquefied gas may cause burns, severe injury and/or frostbite.
